

**Dérive**

**Tuesday, 24.11.2020, 10 o'clock Berlin  
time**

**Be on the lookout for a smoker,  
head in their direction until they  
finished smoking.**

**With the sun to your left, walk for a few  
minutes. Find something beautiful that  
stands out.**

**Follow a moving red car for as long as you  
can. Then follow a green car.**

**Take a left and document something out of  
the ordinary.**

**Look for a dog walker. Take a photo of the  
dog. Try to avoid explaining why and  
quickly move on.**

**Find sound.**

**Contact a friend, asking them what they  
want you to photograph. Gift them the  
result digitally.**

**Look for something a child would notice.**

**Head towards the loudest traffic in the  
area. Photograph the sound.**

**Keep walking until you pass someone  
wearing green. Take the first left.**

**Find something framed. Try to frame  
yourself.**

**Find a crowd.**

**Move a few hundred meters towards the  
nearest body of water.**

**Ask a stranger for the time**

•

**Head towards a nearby square of some kind.**

**Walk away from the city centre for a few  
minutes. Take in the scenery.**

**Stroll until you can overhear a  
conversation. Take a picture of yourself  
in the direction of the overheard  
conversation.**

**Head to a low point.**

**Turn around**

1 - 25

.

Look for the numbers 1 - 25. If you're  
feeling audacious go up to 50.

**Contemplate the differences between your  
own street and where you are now. Move  
west.**

**Find a body of water. Document it.**

**Follow something white.**

**Take a photo of something or someone old.**

**Continue in the direction of the sun.**

**Go back and take the first turnoff.**

**Find a crack in the ground. Document its  
surroundings.**

**Go towards the music.**

**Follow a bird until you or it gets bored.**

**Move North.**

**Follow the coolest hat you can spot.**

**Head in the direction of restaurants /  
eateries**

**Look for a dog and move away from it.**
